DONATION AND FOOD SHARING ON THE ROAD

Donation on the road is one of our ways to introduce Badami food sharing to the public

The goals of this program are:

- Badami can increase the number of users who transact by using free food vouchers.
- Badami can increase the number of donations from exchanging free food with public awareness to be moved to share.
- More SMEs have been helped significantly, especially street vendors.

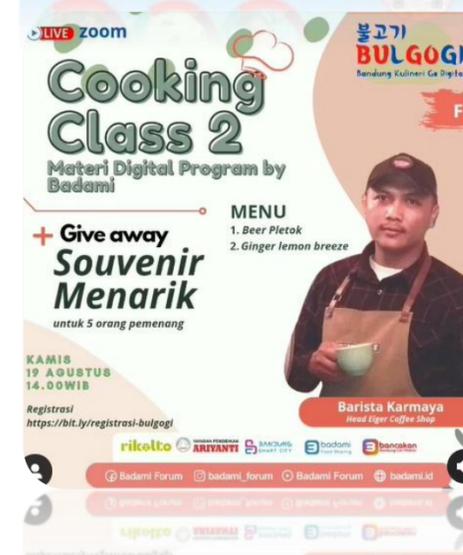

“Badami Food Sharing with food rescue has saved 1300 kg or 2700 boxes of fresh food to be eaten and not wasted”
